## Accessing the CJA eVoucher Program

---

Starting with version 6.10, you are required to use Login.gov to securely sign in to the eVoucher application. You must create a Login.gov account or use an existing Login.gov account and have a Single Login Profile (SLP) to access eVoucher.

**Note:** Login.gov is a separate application from eVoucher. If you run into any issues, you must contact Login.gov support via their Help center page at <https://www.login.gov/contact> or call their 24-hour help line at (844) 875-6446.

Follow the instructions in the next section to create your Login.gov account. Click the following links for additional information about Login.gov and helpful tips for creating your account.

By using this system or any connected system, users expressly consent to system monitoring and to official access to data reviewed and created by them on the system. Your Login.gov account is now created and you are directed to add an authentication method. Continue to the next section and follow the instructions to complete this requirement.

**Note:** Once your Login.gov setup is complete, you will **ONLY** use the email address you entered and the password you created in Login.gov to access eVoucher, so it is important to remember them.

## Adding an Authentication Method

Login.gov requires that you set up at least one authentication method when creating your account. However, it is recommended that you select **at least two authentication methods** on different devices so that you have an alternative way(s) to sign in to eVoucher if your primary method becomes unavailable.

### Step 1

Select your first method of authentication, and then click **Continue**. Authentication methods include security keys, government employee IDs, authentication applications, text or voice messages, or backup codes.

**Authentication method setup**

Add another layer of security by selecting a multi-factor authentication method. We recommend you select at least two different options in case you lose one of your methods.

- Authentication application**  
Download or use an authentication app of your choice to generate secure codes.
- Text or voice message**  
Receive a secure code by (SMS) text or phone call.
- Backup codes**  
A list of 10 codes you can print or save to your device. When you use the last code, we will generate a new list. Keep in mind backup codes are easy to lose.
- Security key**  
A physical device, often shaped like a USB drive, that you plug in to your device.
- Government employee ID**  
PIV/CAC cards for government and military employees. Desktop only.

**Continue**

**Note:** Every time you sign in to eVoucher you are required to authenticate, so make sure you use an authentication method that's easy for you to access. For these instructions, the **Text or voice message** option is selected.

## Step 2

To authenticate by text or voice message, in the **Phone number** field, enter your phone number to receive a one-time code by text message or phone call, and then click **Send code**.

### Add a phone number

We'll send you a one-time code each time you sign in.

Message and data rates may apply. Do not use web-based (VOIP) phone services or premium rate (toll) phone numbers.

**Step 4**

Once your code has been successfully authenticated, you are prompted to add another authentication method (recommended). Click **Add another method** and follow the previous steps to create a second authentication method.

**Note:** It is recommended that you use a different device for your second authentication method, even if you choose the same setup option. For example, if you chose text or voice message as your first method, you can do the same for the second, as long as you use a different phone number.

## Identity Verification

---

To access eVoucher, you must verify your identity by uploading an acceptable form of identification (driver's license or state ID). This added security measure is to ensure that you are you and not someone pretending to be you.

**Note:** This is a one-time identity verification; if you have previously proven your identity through Login.gov, you are not required to do this again.

### Step 1

If you've previously created a Login.gov account, you will be asked to verify your identity after signing in to Login.gov from the eVoucher sign-in page. If you're in the process of creating your Login.gov account, this step automatically appears after you've established your multi-factor authentication method(s). Click **Continue**.

The screenshot shows a web page for identity verification. At the top, there are logos for LOGIN.GOV and NJ COURTS. The main heading is "Let's verify your identity for CJA eVoucher User Acceptance Testing". Below this, a paragraph explains the purpose: "CJA eVoucher User Acceptance Testing needs to make sure you are you — not someone pretending to be you. [Learn more about verifying your identity](#)". A section titled "You'll need to:" lists four steps: 1. Take photos of your ID (with a note that only driver's licenses or state ID cards are accepted), 2. Enter your Social Security number (noting that a physical card is not needed), 3. Match to your phone number (noting that a code will be sent after matching), and 4. Re-enter your Login.gov password (noting that the password is encrypted). At the bottom, there is a blue "Continue" button with a red arrow pointing to it.

## Step 2

To continue, select the check box allowing Login.gov to ask for, use, keep, and share your personal information to verify your identity, and click **Continue**.

## Step 3

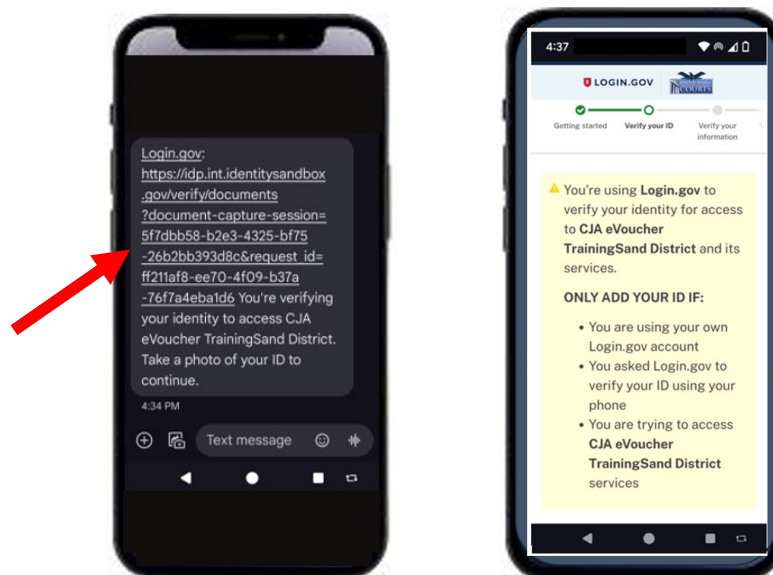

Choose an option for adding your identification information. One option is to upload photos of your ID from your phone, and the other option is to upload them directly from your computer.

### Option 1: Upload photos from phone (recommended)

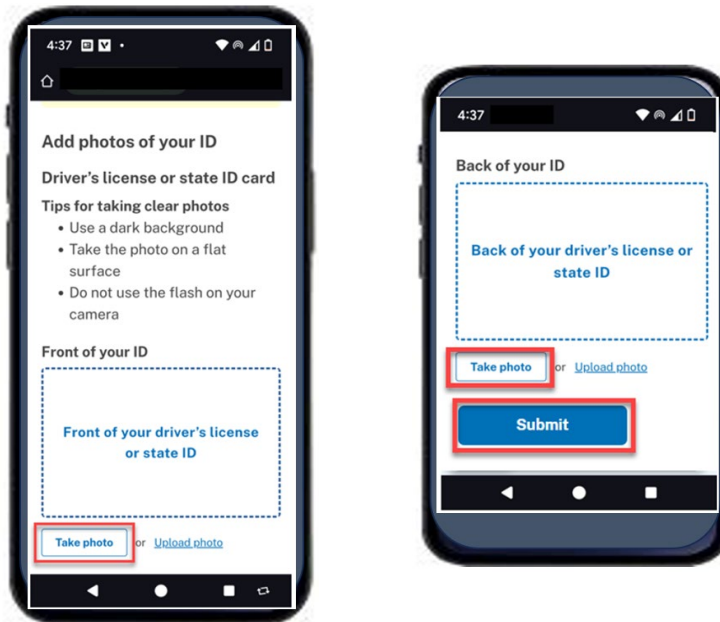

## Option 1

1. Click **Send link**. A message appears, prompting you to check your device for a text message with instructions for taking a photo of your ID to verify your identity.

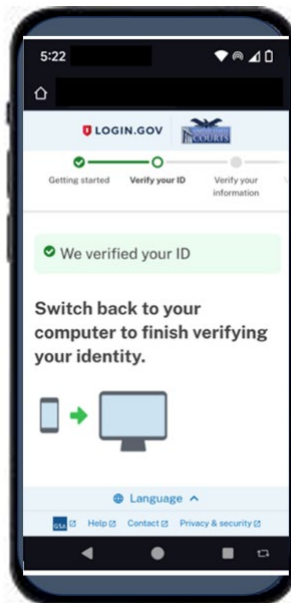

2. Tap the link in the text message. A message appears, confirming that you are attempting to verify your identity to access eVoucher. Scroll down for additional instructions.

3. Tap **Take photo** to switch your phone to the camera function. Take a photo of the front of your ID card. Scroll down and tap **Take photo** again to take a photo of the back of the card. Verify that each image appears in the appropriate box, and then, tap **Submit**.

4. Login.gov verifies your identity from your photos, and prompts you to switch back to your computer to complete the process.

Continue to Step 4 to complete the identity verification process.

### Option 2: Upload photos from your computer

Option 2

1. Click **Upload photos** to upload photos of your ID from your computer.

2. You can either drag photos of the front and back of your ID from your computer and drop them in the appropriate boxes, or click the **choose from folder** link to browse for and select the photos to add. Once the photos are uploaded, click **Submit**.

## Single Login Profile vs. Court Profile

Below are tips on how to identify which court account you are in and who you are within that court.

The screenshot shows the CJA eVoucher interface with the following elements and callouts:

- 1** Court account to which you are signed in: Points to the 'Accounts' menu.
- 2** Single Login Profile (SLP) username: Points to the 'Welcome, David Attorney' text.
- 3** Profile icon: Points to the user profile icon.
- 4** Attorney/Expert court account username: Points to the 'David D Attorney (Attorney)' text.
- 5** List of linked accounts to which you have access: Points to the 'Accounts' menu, which is expanded to show 'Circuit - Attorney' and 'District - Attorney'.

The interface also includes a navigation menu with 'Home', 'Operations', 'Reports', 'Links', 'Accounts', 'Help', and 'Sign out'. A dropdown menu under 'Accounts' contains 'Single Login Profile', 'Court Profile', and 'Sign out'.

- Court account** – This is the court account you selected from the **Accounts** menu, showing the account to which you are signed in.
- Single Login Profile (SLP)** – This profile is attached to a person. It connects multiple eVoucher accounts a user may have.
- Profile icon** – You can access your Single Login Profile (SLP) or court profile, or sign out from here. You can also access these options from the **Help** menu.
- Court account username** – This displays the court user you are signed in as, and your full name and user role as they appear for that court profile.
- Accounts menu** – From this menu, you can access all of the court accounts to which you are linked.

# Court Profile

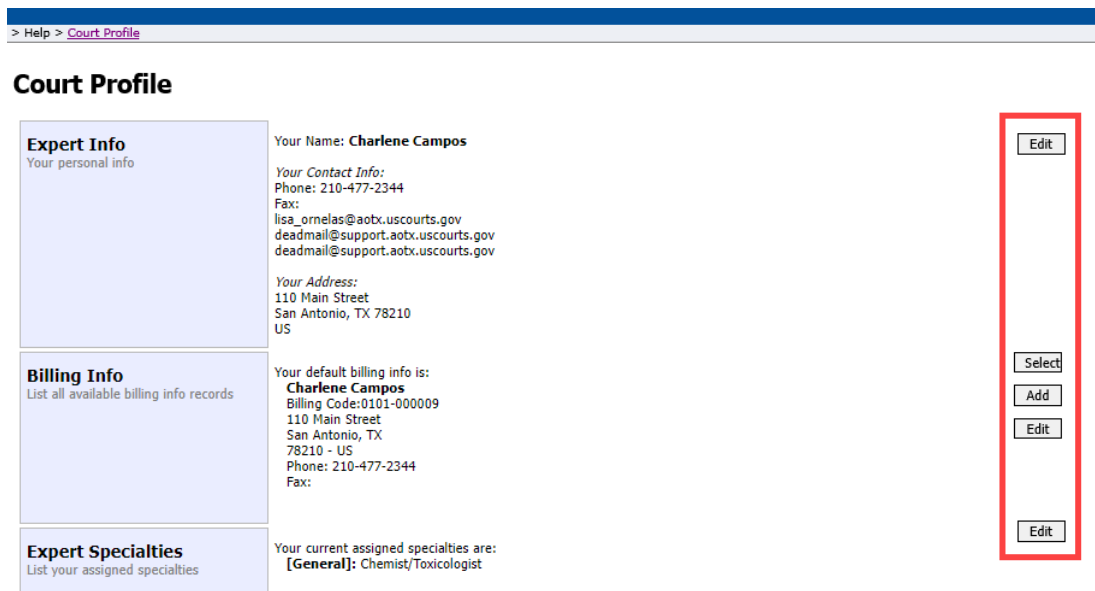

If given access by your court, you can make changes to your eVoucher account information. On the home page, point to your profile icon, and then click **Court Profile**.

On the Court Profile page, you can:

- Edit contact information, phone, email, and/or physical address.
- Update the Social Security number (SSN) or employee identification number (EIN). Copies of a W-9 must be provided to the court, and any changes to the SSN after the first logon must be made through the court.
- Enter expert specialties.
- Document any continuing legal education (CLE) attendance.

Click **Edit**, **Select**, **Add**, or **View** to the right of each section to expand the section and edit any information. Review your court profile and add any missing information as needed.

- Validations have been added to billing information to ensure the data is in the proper format to be sent to the payment system.
- The system alerts you if there are errors with your billing information. Errors must be fixed before payments can be made.
- The SSN or EIN cannot be changed once it has been synced with the interface. Only the CJA6XAdmin user has rights to change SSNs.
- Add new or additional billing records if the billing information changes. Do not edit the existing record.
- Billing information must be complete to submit a voucher in CJA eVoucher.
- You or the attorney for whom you are providing services must choose the billing information you wish to use when creating vouchers or authorizations.

## Expert vs. Expert Enter

CJA eVoucher allows two designations for experts to complete the voucher: **Expert** and **Expert Enter**. When the service provider signs in, he or she will see a list of all of his or her documents on the home page. The Expert role allows the service provider to sign in to eVoucher, view any documents the attorney is creating on his or her behalf, verify the information is correct, and run reports or copies of the CJA-21 or CJA-31.

The **Expert Enter** role allows the expert to complete his or her voucher after the attorney has created it. If the attorney selects an expert who has these privileges, he or she is able to choose if the attorney or the expert will complete the voucher. The expert can then enter the correct information and submit the voucher back to the attorney for approval.

## CJA-21/31 Entry

The attorney creates the CJA-21 or CJA-31 voucher. If you have Expert Enter rights, the attorney can choose to let you enter the services and expenses. You will receive an email informing you that a voucher has been created on your behalf and that you can enter your information on the voucher.
